### **III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE**

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

This Competition is run over two rounds, identical or different, with the same degree of difficulty in the second round, according to Table A, not against the clock, with a possible jump-off against the clock, in case of equality of first, second and/or third place.

This Competition is open only to those Athletes and Horses which have taken part in the first Competition N. 1.

The team classification only affects the members of the teams declared to start.

The starting order in the first round of the second Competition will be according to a draw, conducted according to JRs Art. 252. In the second round, the order of starting will be according to the reverse order of total Penalties incurred by the best three Athletes from among the five of each Nation in the first Competition and by the best three Athletes per team in the first round of the Team Final.

In the second round individual Athletes will start before the teams.

In case of individuals or teams with equal Penalties, the same starting order as in the first round will be used.

The starting order in a possible jump-off will revert to the starting order of the second round. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the

second and first places.

The second round is only open to the ten best teams following the first qualifying Competition and the first round of the Team Competition and those teams tied on Penalties for 10th place.

There must be a break of at least 30 minutes between this second round qualifier and the second round of the Team Competition.

Team Classification:

The team classification is decided by adding the Penalties incurred by the best three Athletes from among the five of each nation in the first Competition and the Penalties incurred by the best three Athletes per team in each of the two rounds of the Team Final. For those teams not qualified for the second round the results of the best three Athletes per nation in the first Competition and the best three Athletes per team in the first round of the Team Final count.

Team Athletes not completing the first or second round receive 20 Penalties more than the worst-placed team Athlete, who has finished that particular round. If the Athlete concerned had obtained more Penalties before being eliminated or retiring than the worst placed team Athlete having completed the Competition, 20 Penalties will be added to the number of Penalties they had obtained at the time of being eliminated or retiring.

In the case of equality between the teams for first, second and/or third place, a jump-off against the clock is necessary, in which all the team Athletes participate. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and second place. The classification in this jump-off is obtained by adding the Penalties and the times incurred by the best three Athletes in each team.

In case of further equality (Penalties and time) the teams will be placed equal.

In case of equality of Penalties for any other placing, the teams will be placed equal.

In addition to the team classification there will be an individual classification with prizes for this Competition.

This Competition is run over two rounds, identical or different, with the same degree of difficulty in the second round according to Table A not against the clock with a jump-off against the clock in case of equality for first, second and/or third place in the overall classification for the Team Championship.

This Competition to be open only to Athletes and Horses which have taken part in the first Competition N. 9, the team classification only affecting the members of the teams who have declared to start.

The starting order in the second Competition will be according to a draw in the first round.

In the second round the order of starting will be according to the reverse order of total Penalties incurred by the best three Athletes from among the five of each nation in the first Competition and the best three Athletes per team in the first round.

In the second round individual Athletes will start before the teams.

In the case of individuals or teams with equal Penalties, the same starting order will be retained as in the first round.

The starting order in the possible jump-off will revert to the starting order in the second round. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and first places.

The second round is open only to the ten best teams based on the total Penalties incurred by the best three Athletes of each nation in the first Competition and the best three Athletes per team in the first round and those teams tied on Penalties for 10th place.

Before the ten best placed teams and those placed equal for 10th place begin their second round, all individuals and team members not qualified for the second round may take part in a second round qualifier for the third Competition. There must be a break of at least 30 minutes between the second round qualifier and the second round of the Team Final

Team Classification:

The team classification is decided by adding the Penalties incurred by the best three Athletes from among the five of each nation in the first Competition and the Penalties incurred by the best three Athletes per team in each of the two rounds of the Team Final. For those teams not qualified for the second round the results of the best three Athletes per nation in the first Competition and the best three Athletes per team in the first round of the Team Final count.

Team Athletes not completing the first or second round of the Team Final receive 20 Penalties more than the worst placed team Athlete who has finished that particular round. If the Athlete concerned had obtained more Penalties before being eliminated or retiring than the worst placed team Athlete having completed the Competition, 20 Penalties will be added to the number of Penalties they had obtained at the time of being eliminated or retiring.

In the case of equality of Penalties between the teams for first, second and/or third place, a jump-off against the clock is compulsory in which all team Athletes participate.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and the first place.

The classification in this jump-off is obtained by adding the Penalties and the times incurred by the best three Athletes in each team. In case of further equality of Penalties and time, the teams will be placed equal.

The other teams will be placed according to their added Penalties in the two rounds. Those with equal Penalties are placed equal.

In addition to the team classification there will be an individual classification with prizes for the team Competition. Athletes with equality of Penalties are placed equal.

(If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and replace the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12<sup>th</sup>) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13<sup>th</sup>) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12<sup>th</sup>)

**9. MAXIMUM NUMBER OF STARTERS PER COMPETITION**

**\*Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the Competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated for the original Competition for each group. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number

of starters in each group;

OR

The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).*

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the FEI World Cup™ Competition. For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
