## Extract of Art. 259 , FEI Jumping Rules

28th Edition, effective 01 January 2026

Any blood on the Horse caused by tack or equipment or any Athlete induced blood detected during a Competition (from warm-up until completion of any post-Competition controls/testing) will result in the following consequences for the Person Responsible, issued by the President of the Ground Jury:

**First Offence** – Jumping Recorded Warning

**Second Offence** – Jumping Recorded Warning

Should the same Person Responsible receive two or more Jumping Recorded Warnings at the same or any other Event within 12 months of the delivery of the first Jumping Recorded Warning, the Person Responsible shall be issued with a fine of CHF 1'000 and be automatically suspended for a period of one month, such suspension to commence on the day after the last day of the Event where the Second Jumping Recorded Warning was issued. The FEI shall notify the Person Responsible and confirm the date of suspension. For the avoidance of doubt, the delivery of the notification from the FEI after the start date of the suspension shall in no way invalidate or postpone the commencement of the suspension.
